

# Quick for Richmond Vote One - Ian Quick

*Save Our Suburbs President*

Yarra Council Election, Melba Ward, 29 November 2008

- Stop council rates rising
- Stop inappropriate development
- Reinstate free parking permits
- Get liquor issues under control
- Improve council services

I *will* get results for  
Yarra residents!

# I have a strong track record of backing residents, not traders and developers.

## **Long-term resident:**

I have lived in Richmond for 19 years, and with my wife have a 3-year-old son. I *know* Richmond and its challenges.

## **Finance experience:**

I have more than 20 years' experience in the finance industry and have the skills to rein in Yarra's ever-increasing rates.

Did you know that **your rates**:

- have grown **22% in the past 4 years!**
- are among the **highest in the state!**

## **Strong residents' advocate:**

I have helped local residents at Yarra Council for many years. For the past three years I have been President of Save Our Suburbs, supporting residents across Victoria with planning matters.

## **Use your vote to bring in change:**

**Vote 1 for Ian Quick for Richmond** and you'll **know** that at least one Yarra Councillor is committed to putting **you, the residents**, first, not traders, developers, or the State Government.

*Our council isn't doing enough - check the facts on my website; and ask a question or post a comment.*
