

Quick for Richmond Elect Ian Quick

Yarra Council Election (Melba Ward)

November 29, 2008

Rates: Reduce Yarra's high rates - the third highest in Melbourne!

Parking: Make the first permit free, create more permit only areas and increase parking enforcement. See how many fines have been issued on **your street**, go to www.yarra.org/parking

Planning: Put in height limits, prevent over development, stop parking exemptions, and fix the planning process. As President of SOS, I have significant experience assisting residents with planning.

Real Representation: Get a real representative on council. I have lived in Richmond for 20 years, now with my wife and 3yo son. I have a solid record of supporting residents' issues at Yarra Council, and want to fix the council!

Use your vote for change:

Elect me to Yarra Council and you'll *know* that at least one councillor is committed to putting *you, the residents*, first, not developers or the State Government.

See my web site: www.yarra.org
